PROFESSIONAL EXPERIENCE

IT Desktop Support Executive | YLG India

Dec 2025 – Present

- Provided end-user support for 100+ users, troubleshooting hardware, software, and network issues with efficient resolution and escalation.
- Installed, configured, and maintained desktops, peripherals, and user accounts to ensure smooth IT operations.
- Configured, tested, and maintained POS systems and related hardware/software, ensuring seamless transaction processing and minimal downtime for end users.
- Managed system records, backups, and documentation, improving data accessibility and reducing risk of data loss.
- Ensured compliance with cybersecurity and data protection policies while generating regular reports for management visibility.

IT Support Engineer | Headquarters Naval Technical Group (Contractual Basis)

Feb 2024 – Jul 2025 (1.6 Years)

- Provided prompt technical support for hardware and software issues for over 30+ users, including troubleshooting IT/network problems and escalating unresolved issues to senior team members.
- Managed digital and physical records, ensuring precise filing, regular backups, and easy retrieval of documents.
- Prepared regular status, activity, and maintenance reports for management; improved documentation efficiency by streamlining record-keeping procedures.
- Ensured compliance with data protection and cyber security norms within sensitive operational environments.
